

Welcome to the new change over

I write to inform you that as of the 1st of February 2020 **Carrom Canada** will cease to operate as an "Association". Instead, Carrom Canada will be a "Club" exclusively owned and operated by your truly "**Francis D'Costa**". This initiative has been taken after extensive talks with individuals who have been involved in the running of the existing structure.

This change over will allow me to keep the club open to players beyond the boundaries of Canada and to those who would like to play, support and boost this game. This will also allow me to promote this sport to the extent I would like to and not tied with satisfying a few and depriving the many. This will assist Carrom Canada in staging more events and the other groups could also run their operations without interference from a main association.

Membership is open to anyone who will willfully join the club to promote, support or play this game. As usual, no membership fee will be required, and members will receive membership related benefits. I expect all members involved to assist and accept other members.

As Carrom Canada has been a brand name since 2012, I will be keeping that name, its achievements, statistics, etcetera and continue to upload successes achieved by our members on the website, newsprint and social media. I will continue to make upgrades to the mobile app which we were the first to introduce in 2019. And as usual, I will continue to carry the significant monthly cost involved in hosting all promotional media, such as emailing app, mobile app, Facebook boosting, website hosting, etcetera.

If interested please complete the membership form on our website www.carromcanada.com or click the link **membership form**.

Sincerely,

Francis D'Costa
